General Data Protection Policy

Data4Development
LEAD BY DATA DRIVEN KNOWLEDGE

Responsible Data

RELATED BECAUSE:

Responsible data deals with the ethics of all types of data and data related processes

GDPR: deals specifically with personal data, a specific subset

Data4Development
LEAD BY DATA DRIVEN KNOWLEDGE

General Data Protection Regulation

THE REGULATION APPLIES TO **NON PROFIT** AS WELL AS TO **PROFIT** AS WELL AS TO **GOVERNMENT INSTITUTIONS**.

Data4Development
LEAD BY DATA DRIVEN KNOWLEDGE

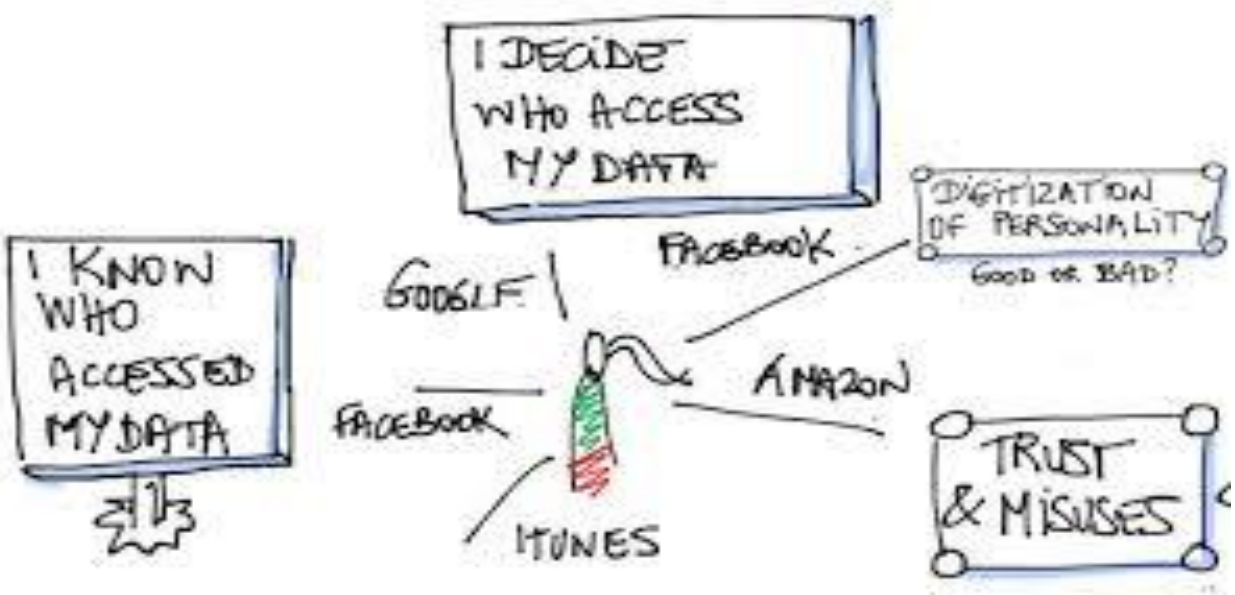
Principle

Data protection for natural **PERSONS**

Deals with all types of **personal data** that is identified with or identifiable in relation to a natural person.

Data4Development
LEAD BY DATA DRIVEN KNOWLEDGE

Consent



Data4Development
LEAD BY DATA DRIVEN KNOWLEDGE

Practices

“This does not concern us, we are too small”

“We do not have personal data”

“Our data is safe on our own server”

“We have a data protection policy”

“Our staff has received training”

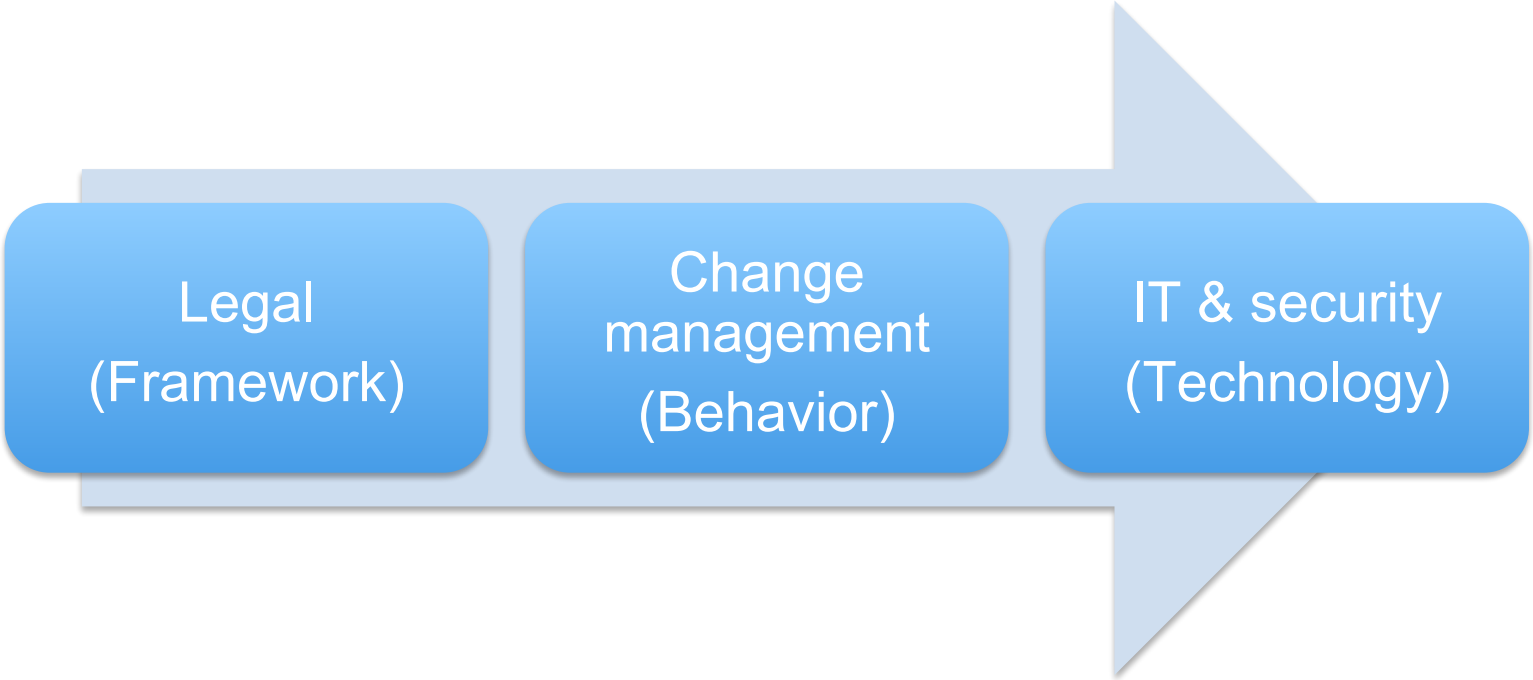
Three components



Data4Development
LEAD BY DATA DRIVEN KNOWLEDGE

Behavior

GROUND RULE

Don't do to others with their data what you don't want others to do with your data

Be conscious

Act responsible

Be careful

Act smart

Data4Development
LEAD BY DATA DRIVEN KNOWLEDGE

Cyber Security

'New threats require new forms of security'
