Feeling EUROPE fosters and guides European values and affairs, aiming to improve living conditions as human condition. For that purpose the desk promotes (knowledge about) European values and affairs, takes position as nexus between citizens, institutions, Europe, her identity and everything that is related in wider sense, mainly concerning cultural, philosophical and political fields. But also economical and technical fields are at stake. Furthermore, the desk does research work, delivers resonance and keeps up a website. The foundation is an outgrowth from the conferences 'Europe: A Beautiful Idea?' (5th) and 'The Sound of Europe'
