

DRAFT IGC MANDATE

The present mandate will provide the exclusive basis and framework for the work of the IGC that will be convened according to paragraph x of the European Council conclusions.

I. GENERAL OBSERVATIONS

1. The IGC is asked to draw up a Treaty (hereinafter called "*Reform Treaty*") amending the existing Treaties with a view to enhancing the efficiency and democratic legitimacy of the enlarged Union, as well as the coherence of its external action. The constitutional concept, which consisted in repealing all existing Treaties and replacing them by a single text called "Constitution", is abandoned. The *Reform Treaty* will introduce into the existing Treaties, which remain in force, the innovations resulting from the 2004 IGC, as set out below in a detailed fashion.

2. The *Reform Treaty* will contain two substantive clauses amending respectively the *Treaty on the European Union (TEU)* and the *Treaty establishing the European Community (TEC)*. The *TEU* will keep its present name and the *TEC* will be called *Treaty on the Functioning of the EU*, the Union having a single legal personality. The word "Community" will throughout be replaced by the word "Union"; it will be stated that the two Treaties constitute the Treaties on which the Union is founded and that the Union replaces and succeeds the Community. Further clauses will contain the usual provisions on ratification and entry into force as well as transitional arrangements. Technical amendments to the *Euratom Treaty* and to the existing *Protocols*, as agreed in the 2004 IGC, will be done via *Protocols* attached to the *Reform Treaty*.

3. The *TEU* and the *Treaty on the Functioning of the Union* will not have a constitutional character. The terminology used throughout the Treaties will reflect this change: the term "Constitution" will not be used, the "Union Minister for Foreign Affairs" will be called [XXX] and the denominations "law" and "framework law" will be abandoned and the existing denominations "regulations", "directives" and "decisions" being retained. Likewise, there will be no article in the amended Treaties mentioning the symbols of the EU such as the flag, the anthem or the motto. Concerning the primacy of EU law, the IGC will adopt a Declaration recalling the existing case law of the EU Court of Justice¹.

4. As far as the content of the amendments to the existing Treaties is concerned, the innovations resulting from the 2004 IGC will be integrated into the *TEU* and the *Treaty on the Functioning of the Union*, as specified in this mandate. Modifications to these innovations introduced as a result of the consultations held with the Member States over the past 6 months are clearly indicated below. They concern in particular the respective competences of the EU and the Member States and their delimitation, the specific nature of the Common Foreign and Security Policy, the enhanced role of national parliaments, the treatment of the Charter of Fundamental Rights and a mechanism, in the area of police and judicial cooperation in criminal matters, enabling Member States to go forward on a given dossier while allowing others not to participate.

¹ The IGC will agree a Declaration on primacy: "*The Conference recalls that the Treaties and the law adopted by the Union on the basis of the Treaties have primacy over the law of Member States, under the conditions laid down by the case-law of the EU Court of Justice.*"

II. AMENDMENTS TO THE EU TREATY

5 Clause 1 of the *Reform Treaty* will contain the amendments to the present *TEU*.

In the absence of indications to the contrary in this mandate, the text of the existing Treaty remains unchanged.

6. The text of the first recital as agreed in the 2004 IGC will be inserted as a second recital into the Preamble.

7. The *TEU* will be divided into 6 Titles: *Common Provisions (I)*, *Provisions on democratic principles (II)*, *Provisions on institutions (III)*, *Provisions on enhanced cooperation (IV)*, *General Provisions on the Union's External Action and Provisions on the Common Foreign and Security Policy (V)*, and *Final Provisions (VI)*. Titles I, IV (present VII), V and VI (present VIII) follow the structure of the existing *TEU*, with amendments as agreed in the 2004 IGC.² The two other titles (II and III) are new and introduce innovations agreed in the 2004 IGC.

Common Provisions (I)

8. Title I of the existing *TEU*, containing inter alia Articles on the Union's values and objectives, on relations between the Union and the Member States, and on the suspension of rights of Member States, will be amended in line with the innovations agreed in the 2004 IGC (see Annex 1, Title I).

9. The Article on fundamental rights will contain a cross reference to the *Charter on fundamental rights* giving it legally binding value and setting out the scope of its application.

10. In the Article on fundamental principles concerning competences it will be specified that the Union shall act only within the limits of competences conferred upon it by the Member States in the Treaties.

Provisions on democratic principles (II)

11. This new Title II will contain the provisions agreed in the 2004 IGC on democratic equality, representative democracy, participatory democracy and the citizens' initiative. Concerning national parliaments, their role will be further enhanced compared to the provisions agreed in the 2004 IGC (see Annex 1, Title II):

- The period given to national parliaments to examine draft legislative texts and to give a reasoned opinion on subsidiarity will be extended from 6 to 8 weeks (the *Protocols on national Parliaments and on subsidiarity and proportionality* will be modified accordingly).
- There will be a reinforced control mechanism in the sense that if a draft legislative act is contested by a one third of the votes allocated to national parliaments, the Commission will re-examine the draft act, which it may decide to maintain, amend or withdraw. If it chooses to maintain the draft, the Commission will have, in a reasoned opinion, to justify why it considers that the draft complies with the principle of subsidiarity. This reasoned opinion, as well as the reasoned opinions from national parliaments, will have to be transmitted to the EU legislator, for consideration in the legislative procedure. (the *Protocol on subsidiarity and proportionality* will be modified accordingly).

A new general Article will reflect the role of the national parliaments

The content of Title VI on police and judicial cooperation in criminal matters will be put into the Title on the Area of freedom, security and justice in the Treaty on the Functioning of the Union (*TFEU*), see below under "Amendments to the EC Treaty".

Provisions on institutions (III)

12. The institutional changes agreed in the 2004 IGC will be integrated partly into the *TEU* and partly into the *Treaty on the Functioning of the Union*. The new Title III will give an overview of the institutional system and will set out the following institutional modifications to the existing system, i.e. the Articles on the Union's institutions, the European Parliament (new composition), the European Council (transformation into an institution³ and creation of the office of President), the Council (introduction of the double majority voting system⁴ and changes in the six-monthly Council presidency system, with the possibility of modifying it), the European Commission (new composition and strengthening of the role of its President), the Union [Minister] for Foreign Affairs (creation of the new office, its title being changed to [XXX]) and the Court of Justice of the European Union.⁵

Provisions on enhanced cooperation (IV)

13. Title IV (former Title VII of the existing *TEU*) will be amended as agreed in the 2004 IGC.

General Provisions on the Union's external action and Provisions on the Common Foreign and Security Policy (V)

14. In Title V of the existing *TEU*, a first new Chapter on the general provisions on the Union's external action will be inserted containing two Articles, as agreed in the 2004 IGC, on the principles and objectives of the Union's external action and on the role of the European Council in setting the strategic interests and objectives of this action. The second and third Chapters contain the provisions of Title V of the existing *TEU*, as amended in the 2004 IGC (including the European External Action Service and the permanent structured cooperation in the field of defence). It will be clearly specified that the CFSP is subject to specific procedures and rules. There will also be a specific legal basis on personal data protection in the CFSP area⁶.

Final Provisions (VI)

15. Title VI (former Title VIII of the existing *TEU*) will be amended as agreed in the 2004 IGC. There will in particular be an Article on the legal personality of the Union, an Article on voluntary withdrawal from the Union and Article 48 will be amended so as to bring together the procedures for revising the Treaties (the ordinary and the two simplified procedures). This Article will make it clear that Treaties can be revised to increase or reduce the competences conferred upon the Union. In Article 49, on conditions of eligibility and procedure for accession to the Union, the reference to the principles will be replaced by a reference to the Union's values and the addition of a commitment to promoting such values together, as well as of an obligation to notify the European Parliament and national parliaments of an application for accession to the Union. The usual final provision will also be adapted (territorial scope, duration, ratification and authentic texts and translations).⁷

Including modalities of vote.

Two delegations have indicated that they want to raise the issue of transferring this element of the institutional package into the new treaty at the European Council. They consider that "if there is justified necessity to change the definition of the qualified majority voting within the Council as established in the existing treaties (Art. 205 EC Treaty), the Intergovernmental Conference, in preparation of the new definition, will bear in mind the need for the Union to become more democratic, more transparent and more efficient and will respect the principle of equal influence of each citizen on decisions taken by the Council which would be achieved by degressive proportionality of the votes of the Member State vis-à-vis its population".

⁵ There will be some drafting adaptations due to the merging of some provisions.

⁶ With regard to the processing of such data by the Member States when carrying out activities which fall within the CFSP and ESDP and the movement of such data.

Articles 41, 42, 46 and 50 of the TEU will be deleted, Article 47 being placed, as amended in the 2004 IGC, in the CFSP Chapter.

III. AMENDMENTS TO THE EC TREATY

16. Clause 2 of the *Reform Treaty* will contain the amendments to the present *TEC*, which will become the *Treaty on the Functioning of the European Union*.

17. The amendments as agreed in the 2004 IGC will be inserted into the Treaty by way of specific modifications in the usual manner. They concern the categories and areas of competences, the scope of qualified majority voting and of codecision, the distinction between legislative and non legislative acts, provisions on the Area of freedom, security and justice, the solidarity clause, the improvements to the governance of the euro, horizontal provisions such as the social clause, specific provisions such as public services, space, energy, civil protection, humanitarian aid, public health, sport, tourism, administrative cooperation, financial provisions (own resources, multiannual financial framework, new budgetary procedure).

18. The following modifications will be introduced compared to the results of the 2004 IGC (see Annex 2):

- a) A new Article 1 will state the purpose of the Treaty on the functioning of the Union and its relation with the EU Treaty.
- b) In the Article on categories of competences, placed at the beginning of the *TEC*, it will be clearly specified that the Member States will exercise again their competence to the extent that the Union has decided to cease exercising its competence.⁸
- c) In the Article on supporting, coordinating or complementary action, the introductory sentence will be amended so as to underline that the Union carries out actions to support, coordinate or supplement the actions of the Member States.
- d) In Article 18(3), as amended in the 2004 IGC, the phrase on the adoption of measures on passports, identity cards, residence permits and similar documents will be removed and transferred to a similar legal basis on this issue to be placed in the Title on the Area of freedom, security and justice, in the Article on border checks.
- e) In Article 20 (diplomatic and consular protection), as amended in the 2004 IGC, the legal basis will be amended so as to provide in this field for adoption of directives establishing coordination and cooperation measures.
- f) In Article 286 (personal data protection), as amended in the 2004 IGC, a subparagraph will be inserted stating that the rules adopted on the basis of this Article will be without prejudice to those adopted under the specific legal basis on this subject which will be introduced in the CFSP Title (the IGC will also adopt a declaration on personal data protection in the areas of police and judicial cooperation in criminal matters, as well as, where appropriate, specific entries in the relevant Protocols on the position of individual Member States clarifying their applicability in this respect).

The IGC will also agree a Declaration in relation to the delimitation of competences: "*The Conference underlines that, in accordance with the system of division of competences between the Union and the Member States as provided for in the Treaty on European Union, competences not conferred upon the Union in the Treaties remain with Member States.*

When the Treaties confer on the Union a competence shared with the Member States in a specific area, the Member States shall exercise their competence to the extent that the Union has not exercised, or has decided to cease exercising, its competence. The latter situation arises when the relevant EU institutions decide to repeal a legislative act.

Equally, the representatives of the governments of the Member States, meeting in an Intergovernmental Conference, in accordance with the ordinary revision procedure provided for in Article [IV-443] of the Treaty on European Union, may decide to amend the Treaties on which the Union is founded, including either to increase or to reduce the competences conferred on the Union in the said Treaties."

- g) In Article 42 (aggregation of insurance periods and export of social security benefits), an addition will be made to stress that the procedure is halted in the brake system if the European Council does not take any action within 4 months (see point 1) of Annex 2).⁹
- h) Article 60 (freezing of assets to combat terrorism), as amended in the 2004 IGC, will be transferred towards the end of the Chapter on general provisions in the Title on the Area of freedom, security and justice.
- i) On the issue of public services (dealt with in Article 16, as amended in the 2004 IGC, and Article 86), a clarification will be provided (see point 2) of Annex 2).
- j) In the Chapters on judicial cooperation in criminal matters and on police cooperation, as amended in the 2004 IGC, in the Articles on mutual recognition of judgments, minimum rules on definition of criminal offences and sanctions, the European Public Prosecutor, and police cooperation, a new mechanism will be inserted enabling Member States to go forward with adopting measures in this field while allowing others not to participate (see point 3) of Annex 2).
- k) In Article 152 (public health), as amended in the 2004 IGC, point (d) on measures concerning monitoring, early warning of and combating serious cross border threats to health will be transferred to the paragraph on adoption of incentive measures (the IGC will also adopt a declaration clarifying the internal market aspect of measures on the quality and safety standards for medicinal products and devices).
- l) In the Article on European space policy, agreed in the 2004 IGC, it will be specified that measures adopted may not entail harmonisation of the laws and regulations of the Member States.
- m) At the beginning of the Part on the Union's external action, an Article will be inserted stating that the Union's action on the international scene will be guided by the principles, will pursue the objectives and will be conducted in accordance with the general provisions on the Union's external action which are laid down at the beginning of Title V of the *TEU*.
- n) In the Article on the procedure for concluding international agreements, it will be added that the agreement on the accession of the Union to the ECHR will be concluded by the Council, by unanimity and with ratification by Member States.
- o) Article 229 A (extension of ECJ jurisdiction on disputes relating to European intellectual property rights) will remain unchanged.
- p) In Article 249 (definition of EU acts: regulation, directive and decision), in a new Section 1 on the Union's legal acts, the definition of a decision will be aligned with the one agreed in the 2004 IGC.
- q) After Article 249, three Articles will be introduced on, respectively, acts which are adopted in accordance with a legislative procedure, delegated acts and implementing acts so as to clarify the method for distinguishing between legislative and non legislative acts, the way legislative acts are defined being modified as compared with the one agreed in the 2004 IGC (consequence of not using the term "law"). The Article on legislative acts will state that acts (regulations, directives or decisions) adopted under a legislative procedure (ordinary or special) will be legislative acts. The Articles on delegated and implementing acts will be modified so as to reflect this distinction between what is legislative and what is not.

The IGC will also agree a Declaration in relation to this Article: "*The Conference recalls that in that case, in accordance with Article [I-21(4)], the European Council acts by consensus*".

- r) In Article 308 (flexibility clause), as amended in the 2004 IGC, a paragraph will be added stating that this Article cannot serve as a basis for attaining objectives pertaining to the CFSP, and that any acts adopted pursuant to this Article will have to respect the limits set out in Article [III-308, second subparagraph].¹⁰
- s) After Article 308, an Article will be inserted excluding from the coverage of the simplified revision procedure those legal bases which were not covered by this procedure in the texts as agreed in the 2004 IGC.

19. In addition, a number of provisions agreed in the 2004 IGC (Part I of the *Constitutional Treaty*) will be transferred to the *Treaty on the Functioning of the Union* (see list in Annex 3).

IV. PROTOCOLS AND THE EURATOM TREATY

20. The new Protocols agreed in the 2004 IGC¹¹ will be annexed to the existing Treaties (i.e. Protocol on the role of national Parliaments in the European Union, Protocol on the application of the principles of subsidiarity and proportionality, Protocol on the Euro Group, Protocol on permanent structured cooperation in the field of defence and Protocol on the accession of the Union to the ECHR).

21. A Protocol annexed to the *Reform Treaty* will amend the existing Protocols, as agreed in the 2004 IGC (including the deletion of 10 of them).

22. A Protocol annexed to the *Reform Treaty* will make the necessary technical amendments, as agreed in the 2004 IGC, to the *Euratom Treaty*.

V. DECLARATIONS

23. In addition to the Declarations referred to in the present mandate, the Declarations as agreed by the 2004 IGC will be taken over by the present IGC, to the extent they relate to provisions or protocols examined during the present IGC.

The IGC will also agree two Declarations in relation to this Article:

- 1) "*The Conference declares that the reference in Article 308 to objectives of the Union refers to the objectives as set out in Article [I-3(2) and (3)] and to the objectives of Articles [I-3(4)] with respect to external action under Part III, Title V of the Treaty. It is therefore excluded that an action based on Article 308 would only pursue objectives set out in Article [I-3(1)]. In this connection, the Conference notes that in accordance with Article [I-40(6)], legislative acts may not be adopted in the area of Common Foreign and Security Policy.*"
- 2) "*The Conference underlines that, in accordance with the settled case-law of the Court of Justice of the European Union, Article 308, being an integral part of an institutional system based on the principle of conferred powers, cannot serve as a basis for widening the scope of Union powers beyond the general framework created by the provisions of the constitutive Treaties as a whole and, in particular, by those that define the tasks and the activities of the Union. In any event, Article 308 cannot be used as a basis for the adoption of provisions whose effect would, in substance, be to amend the Treaties without following the procedure which they provide for that purpose.*"

Some of these Protocols are not necessary due to the fact that the existing Treaties are not repealed and are therefore not listed. It is underlined that all existing Treaties, including the Accession Acts, remain in force.
